Usage, Integrity & Archive

CURRENT ASSET RULE

Only assets contained in the current controlled package should represent current Vesper activity.

INTEGRITY

Do not imply affiliation, endorsement, authority, certification, customer status or partnership not established by a current public record.

HISTORY

Superseded packages remain identifiable. Vesper does not silently convert obsolete public material into current material.

ARCHIVE

VSP-AR-000 exists as a foundation register. Publication authority is not present on the public surface.
